High school singers will **expand** their vocal technique and musicianship skills by participating in a week-long choral intensive camp led by SCC expert faculty. The week includes voice classes specific to each voice part, as well as theory, sight-reading, and ear-training to help prepare vocalists for auditions in high school and beyond.

August 7–11

Grade 2, 3, 4
Boys and Girls

Does your child love to sing? This camp is an excellent opportunity to **introduce** young children to the joys of singing and making music together. Whether your child is a new or seasoned singer, our exciting activities will help develop fundamental skills, like reading music, choral singing technique, and more! In addition, SCC camp games and activities are great for bonding and creating new friendships.

Each Camp week culminates with an informal concert for parents, family, and friends. Auditions for the fall semester of SCC will take place at the conclusion of the camp.
